Aqua-Terra Supply Co. Limited

Oil & Gas, Marine and Mining Equipment, Products & Services

Tel: (65) 6319 4666 | Fax: (65) 6268 4455 | Email: mail@aterra.com.sg | http://www.aqua-terra.com

Aqua-Terra Supply Co. Limited is a member of KS Energy Services Limited. Together with our subsidiaries and associate companies under the Aqua-Terra Group, we specialize in the procurement, supply, distribution, logistics, turnkey & project management, mooring system, shipbuilding, refurbishing, re-conditioning and engineering for the oil & gas, marine, petrochemical and mining industries. Although the primarily operating premises and facilities are in Singapore we are well connected with overseas offices, and network of operations and distribution centres in ASEAN, Far East, South Asia Continent and Middle East Regions serving more than 35 countries in five continents. Each company is a market leader in its own rights and provides innovative and reliable products and services to the Group customers.

"At Aqua-Terra, we strive to deliver global standards from Asia to the world – Success in business today not only entails the ability to deliver quality products and services but more importantly, organizations have to be environmentally friendly. We have always been conscious of our responsibility towards the preservation of the world's resources in order to maintain a healthy environment for the present and future generations."

*Kris Taenar Wiluan,
Chairman & Chief Executive Officer*

"The heart of a business lies in optimizing value creation. Since I took over the reins of Aqua-Terra Supply in 2003, I have applied the principles of value creation in driving the business through operational efficiency, customer connection, linking value supply chains, innovating products and enhancing core business practices"

Mr. C.K. Eng, Managing Director of Aqua Terra Group

Company's Vision

"Integrating the value supply chains to provide a one-stop materials resource centre for our customers in the Oil & Gas, Marine, Petrochemical and Mining Industries."

Company's Mission

"To focus and optimize the value supply chains by building, enhancing, linking all stakeholders to achieve total operational efficiency and customers' satisfaction and expectation through group business dynamic, maximize resources and integration."

ISO Certifications

We adopt the ISO 9001: 2000 Quality Management System and ISO 14001: 2004 Environmental Management System requirements and certifications as the management regime to ensure the satisfaction and expectation of our valued customers are met.

In our entire Group we stock more than 66,000 line products, materials, equipment and consumables for immediate delivery, and another 500,000 line items from our product principals that can be mobilized to support our valued customers in managing and operating their Offshore and Onshore Rigs, FPSO, FDPSO, FSO and marine vessels, mining fields, petrochemical plants, MRO and for general industrial applications and facilities.

Meeting the Challenges

We overcome challenges and competitions to become a leading player in the volatile offshore oil & gas, marine, petrochemical and mining Industries. The key to our consistent success lies in our deep commitment towards providing a total integrated Group service which translates into a holistic one-stop Materials Resource Centre accessible via web-based SSL-VPN protocol and IT technology and is managed and operated by our current Group staff strength of 300 managers and staff.

Milestone Achievements

- 1972** Aqua-Terra Supply started as a hardware supplier of small hand tools and general supplies.
- 1982** Expanded its business to include exclusive agencies for a number of world renowned Oil & Gas product lines.
- 1997** Acquired by MetaLock (MTQ) a Singapore public-listed company to complement and support its Oil & Gas and Marine Sub-contracting and Engineering Services.
- 2001** KS Energy Services Limited a Singapore public-listed company acquired 100% shares of Aqua-Terra Supply from MetaLock (MTQ) and renamed it to Aqua-Terra Supply Co. (2001) Pte Ltd.
- 2004** Listed on SGX-Sesdaq under the name of Aqua-Terra Supply Co. Limited and acquired Marinehub Pte Ltd.
- 2005** Acquired Orient Marine Pte Ltd.
- 2006** Upgraded to SGX-ST main board in September, acquired a 28.4% equity interest in SSH Corporation Ltd and started Aqua-Terra Middle East in Doha a joint-venture company with FAL International, Qatar.
- 2007** Acquired 70% equity interest of Fischer Engineering Pte Ltd, and a 75% equity interest of a Hong Kong-based Raymonds Supply Co., Ltd.

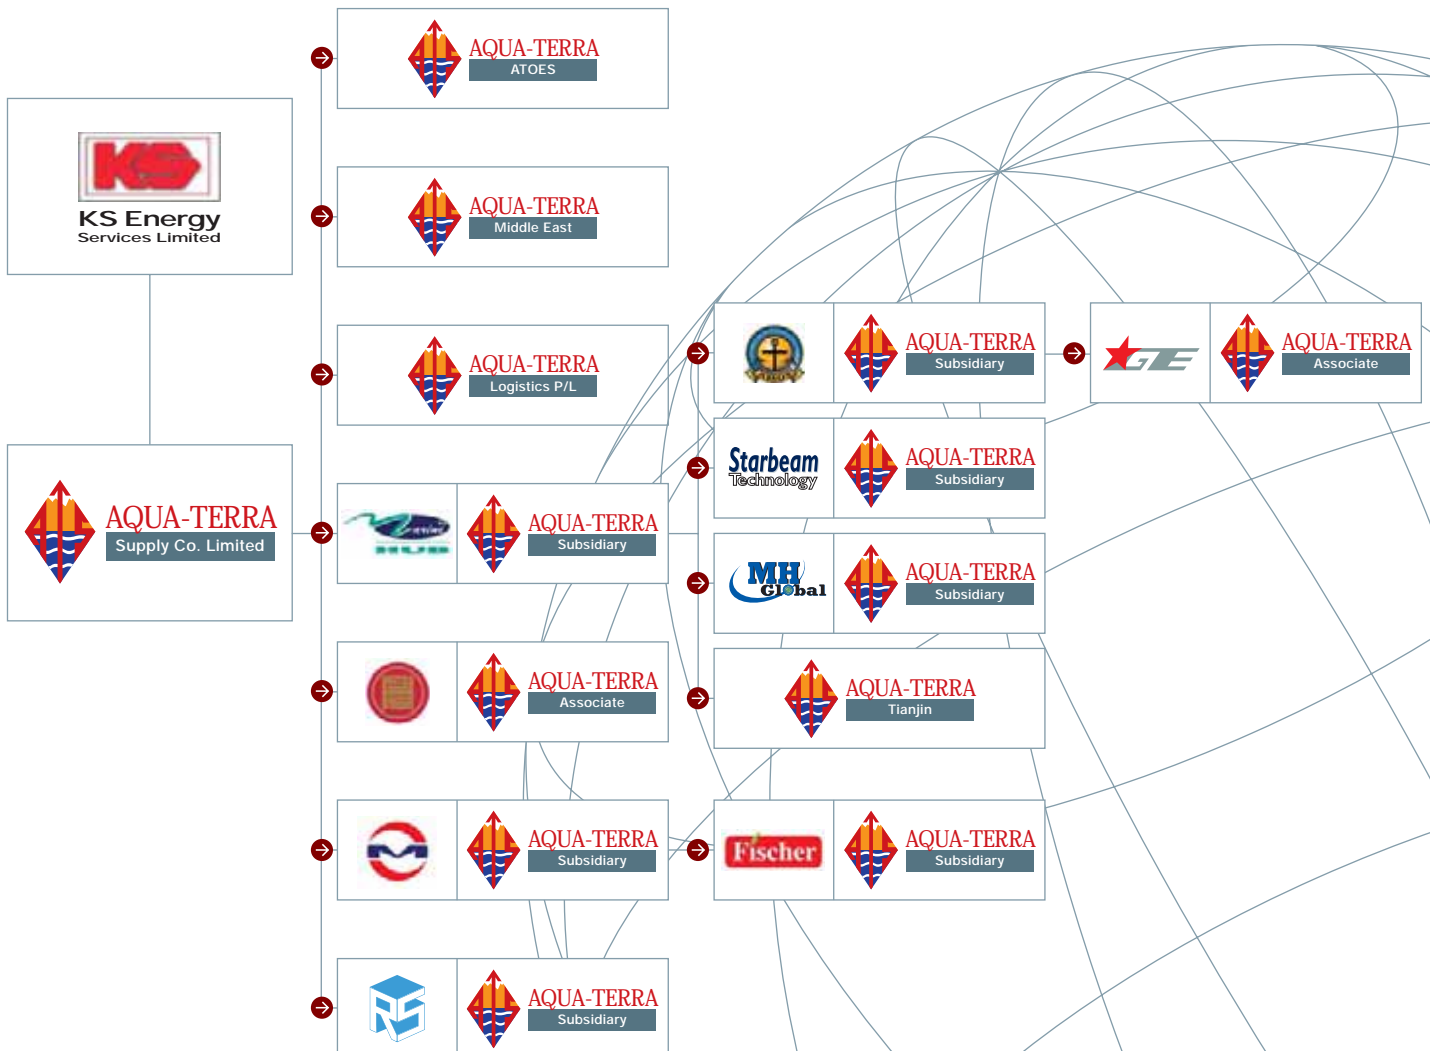

Our Continual Journey

We strive to reinvent ourselves, offer integral multi-discipline solutions and systems, and to strengthen our position as the most preferred one-stop solution provider through our proactive networking, amalgamation, acquisition and setting up overseas alliances with supporting industries and organizations who have the same vision, endeavor and aspiration to service and meet the highest standard, requirements and expectation of our valued customers.

Aqua-Terra Group of Companies

Aqua-Terra Oilfield Equipment & Services Pte Ltd

Oil & Gas, Marine, Petrochemical and Mining Equipment, Products & Services

Tel: (65) 6319 4666 | Fax: (65) 6268 4455 | Email: mail@aterra.com.sg | http://www.aqua-terra.com

Aqua-Terra Oilfield Equipment and Services Pte Ltd ("ATOES") was incorporated on 18th April 2007 as a wholly-owned subsidiary of Aqua-Terra Supply Co. Limited (ATS) as the latter has assumed its corporate responsibilities to be a dynamic power house focusing on new business opportunities, total distribution and operations integration among Aqua-Terra Group of Companies. ATOES objective and goal is to continue the long established success and strength of ATS as a one-stop solution provider in procurement and materials specialist, supplies, distribution and project management in the oil & gas, marine, petrochemical and mining industries.

With more than twenty-five authorized distributorships of 220 world renowned equipment and consumable product brands account for 13,000 line items, ATOES has the capabilities and resources to provide both hardware and

customized engineering solutions such as high-pressure flow control equipment professional heavy-duty hand tools, fluid transfer hoses, sub-sea and offshore safety equipment.

Our Aqua-Terra "RED Book" a well-known trademark, most reliable and source reference book in Asia since 1984, provides a wide range of product information and technical specifications for rig managers, project specialists, technical managers, designers, maintenance, repair and operations engineers and other professionals.

Company's Vision

"To be the preferred procurement specialist and value-added partner to our customers in the Oil & Gas, Marine, petrochemical and Mining Industries."

Quality Mission

"Being a one-stop solution provider to the Oil & Gas, Marine, petrochemical and Mining sectors, we endeavor to provide integrated solutions to our valued customers on a timely and efficient manner at all time."

ISO Certifications

ATOES is certified for both ISO 9001: 2000 Quality Management System and ISO 14001: 2004 Environmental Management System for all products, production processes, works and services that meet and comply to the stringent requirements, legal regulations, rules and laws as established.

Products and Services

The 13,000 line items in the inventory are grouped into the following divisions:

- Oilfield, Wellhead, Drilling Equipment and Supplies
- Tubular, Valves and Fittings
- Hand Tools, Workshop and Maintenance Equipment
- Welding and Safety Equipment
- Industrial Hoses & Fittings
- Chains, Wire Ropes, Rigging Gears and Fitting Accessories
- General Hardware

ATOES also offers holistic and comprehensive solutions to circumvent and assist rig owners, rig operators, project specialists, technical managers, designers and consultants in procurement and turnkey contract management of their FPSO, FDPSO, FSO and related projects.

Product Agencies and Distributorships

Bestolife, Billy Pugh, Crosby, Gates Hoses, Kerotest, Jet Lube, MSA, National Oilwell, Newarc, ORS Nasco, TSC, Weldcraft, Bernad/Oxo, Laco-Markal, Matsumoto, Brady, MacDermid (Marston Bentley), Oteco, Dixon, JH Williams, Ridgid, SPM, ITW.

Aqua-Terra Middle East

Oil & Gas, Petrochemical, Production Products, Equipment, Consumables and Services

Tel: (974) 460 6410 | Fax: (974) 460 6312 | Email: mail@aquaterrame.com

Aqua Terra Middle East ("ATME") was incorporated on 16th November 2005 as a 51%/ 49% joint-venture company between FAL International a part of the FAL Group in Qatar and Aqua-Terra Supply Co Limited to ride on the vast growing market of the Middle East and North Africa Regions. Tapping on the Group's combined and integrated expertise it has established itself as a supply base to provide a diversified suite of products and services to the Oil and Gas, Marine and Petrochemical industries operating in the Region.

Company's Mission

We strive to be a resourceful and reliable supplier in providing an integrated range of quality products and service excellence through effective stockholding management, focus on training and career enhancement of our employees and continue to improve organization and operations to meet the requirements and expectations of our valued customers in the Oil and Gas, Marine and Petrochemical industries.

Product Distribution

The Group's distribution network of more than 66,000 line items of more than 220 renowned product brands stands ready to support ATME immediate requirements. ATME is located in the Salwa Industrial Area in Doha with a 750sqm of warehouse and more than 2,000sqm of open yard space is in the position to handle supply chain contracts for mega-projects. ATME has invested more than USD 3 million worth of stock consisting of safety/ PPE equipment, carbon steel and stainless steel pipes, valves and fittings, welding materials, consumables and general supplies to service its clients such as rig operators, drilling contractors, EPC operators and their sub-contractors from the oil, gas, petrochemical, power, water and utilities projects in Qatar.

Capital Equipment & Related Projects

Leveraging on the Group's experience and capabilities, ATME is able to offer services in procurement, refurbishment, upgrading and maintenance of capital equipment and chartering of drilling rigs for both the onshore and offshore, semi-submersible, jack-up and jack-up accommodation rigs. Hence with the technical and financial support from the Group it is also able to offer project management services for any new builds, contract, refurbishment, upgrading and chartering of all types of offshore vessels and anchor handling tugs (AHT), offshore supply vessels (OSV), seismic survey vessels and utility vessels projects.

Aqua-Terra Logistics Pte Ltd

Consolidated Cargoes and Materials Handling, Transportation, Trans-shipment and Logistics

Tel: (65) 6319 4666 | Fax: (65) 6268 4455 | Email: mail@aterra.com.sg | http://www.aqua-terra.com

Aqua-Terra Logistics Pte Ltd (AT Logistics) was incorporated on 25th July 2007 a wholly-owned subsidiary of Aqua-Terra Supply Co. Limited to provide a value-added supply chain management and logistical support to the entire

group's customers who required the experience, resources, reliability and capability to handle their cargoes expeditiously and efficiently to meet the delivery schedule and operational needs.

Company's Mission

"AT Logistics is committed to provide a total integrated logistical service in handling, transporting and delivering customers' cargoes and materials from point-to-point seamlessly and expeditiously."

Services

- Consolidated Cargoes and Materials Handling
- Distribution, Warehousing and Trans-shipment
- Project Mobilization and De-Mobilization Supervision and Management
- Third-Party Equipment, Materials & Inventory Management
- Offshore Logistics and Supply-Chain Management
- Freight Management and Customs Clearance

Marinehub Pte Ltd

Deck Machinery, Anchors, Chains, Offshore Mooring Systems, Ropes, Rigging Gears

Tel: (65) 6262 6662 | Fax: (65) 6898 1676 | Email: info@marinehub.com | <http://www.marinehub.com>

Marinehub Pte Ltd ("Marinehub") was incorporated on 7th January 2000 as a leading integrated Marine & Offshore distributor and supplier of products, systems and services to ship-owners, ship-management, shipyards, rig owners, rig operators and offshore contractors. Marinehub has a team of marine engineers, system designers, project specialists, and supported with a network of overseas offices, assembly plants, manufacturers and consultants. These assets were instrumental for the success completion of numerous major contracts and projects with regional and international customers.

Marinehub has also acquired a number of companies to form the Marinehub Group of Companies consisting of Starbeam Technology Pte Ltd; AMOS International (S) Pte Ltd; Genesis Express Pte Ltd; MH Global Pte Ltd and Fyns Kran (Asia) Pte Ltd is now capable of offering Turnkey Solutions by integrating different specializations: acquired by Aqua-Terra Supply Co. Limited on 1st November 2004 100%

- New Shipbuilding and Refurbishment
- Turnkey Procurement and Project Management Solution
- Marine & Offshore Hardware and Deck Machinery
- Material Lifting Gears
- General Ship Supply

Company's Mission

"MARINEHUB aims to be the vendor of choice to our customers in the Marine and Offshore Industries. We will relentlessly look out to value add to our customers."

Quality Policy

"Marinehub is committed to achieve work excellence, team working and customers' satisfaction and expectation, in its pursuance of total quality management system, the management and staff shall consistently review and improve their professionalism, technologies, methodologies and practices to achieve the company's mission."

Products and Services

- Anchors, Chains & Fittings
- Deck Machinery & Fittings
- Wire Ropes, Synthetic & Mixed Ropes
- Heavy Lift Slings and Equipment
- Offshore Upstream, Downstream and FPSO Hoses and Systems
- Hull & Deck Fittings
- Rigging Equipment, Gears and Fittings
- Mooring Hawsers
- Marine Fabrications and Engineering
- Installation of Anchors, Chain Cables and Fittings at Anchorage
- Turnkey Procurement and Project Management
- Marine Supply Project: – for supply and install anchor chain lines, maintenance and repair of related equipment on board vessels, offshore rigs and platforms in-port and off-port-limit.
- Marine Engineering Services: – for marine engineering, on board equipment repair, customized deck mooring hardware and technical consulting works and systems modification specialist.
- Offshore and Turnkey Project: – for upstream and downstream turnkey projects, equipment and parts replacement for offshore platforms, drill ships, mooring units, floating, production, storage, offloading of oil tanker operations including supplied items like ultra high-holding power anchors, high-grade steel mooring chains and wire ropes, connecting accessories and sophisticated equipment spares.

Starbeam Technology Pte Ltd ("Starbeam") was incorporated in September 2002 and on 1st March 2005 became a wholly-owned subsidiary of Marinehub Pte Ltd. Starbeam is involved in the design, development, manufacturing and certifying a complete range of rigging gears and fittings emphasizing on chains, wire ropes and webbing slings, attachments and accessories under the house brand "OSM" – Offering Safety Materials. All "OSM" products are manufactured with UK Technology and certified by ABS and are embossed with Traceability Code, WLL, and Product Code.

A professional testing centre that provides all marine and offshore certifications endorsed by international approved testing bodies such as Lloyds, ABS, DNV, API, ISO-BVQI and MOM.

Company's Mission

"Starbeam emphasises on the development of cutting-edge technology, safety and reliability of its lifting gears and equipment in meeting the stringent work safety and Health requirements."

Quality Policy

"The management and staff are committed to quality and service excellence, and fully accountable to our customers with the high level of technical competency, value for money and professional advice to our customers. We shall relentlessly improve our quality system by ensuring that the management, resources, methodologies, environment and practices are reviewed to meet customer's contractual requirements and expectations."

Products and Services

"OSM" EC and U.S. Federal Specification Shackles with Safety Factor of 6 to 1 c/w ABS Certifications.

- Master Links & Master link Assemblies to EC standards with 4 times WLL. Large intermediate links for wire rope thimble connections.
- Chain Blocks & Lever Hoists to EC standards with individually serial number and proof load tested marks.
- Trolleys with both plain and geared type, and Wire Rope Pullers.
- OSM grade 80 alloy fittings (year end to EC standards).
- Alloy Chain grade 80 to EC standards and sizes up to 18mm Dia.
- 2-ply polyester webbing and lashing slings meet EC standards.
- Wire Ropes meeting B.S. standards and safe working load requirements.

MH Global Pte Ltd ("MH Global") was incorporated in November 2006 as a wholly-owned subsidiary of Marinehub Pte Ltd to promote, market and export the various business activities, products, services and expertise as a total integrated global shipbuilding & refurbishing project and turnkey management solution provider to companies and organizations in the emerging markets of Vietnam, China, Australia, Middle East, India and Africa. MH Global business model is a total system solution approach to manage the entire turnkey project management, employing the resources and expertise to conceptualize and see through the entire project until successful completion on behalf of the customers.

The modus operandi provides feedback and updating of planned schedule and operations on a continuous basis to allow improvement at every stage of the development and expeditious project completion to maximize savings.

A specialist in manufacturing and supplying the entire deck top hardware like deck machinery, cranes, hydraulic power packs with ability to customize and design anchoring, mooring and towing system.

Amos International (S) Pte Ltd

Ship-Supply, Technical Spares, Provision and Logistics

Tel: (65) 6262 2323 | Fax: (65) 6282 2323 | Email: contact@amos-sg.com | <http://www.amos-sg.com>

Cert No.: 001021

Products and Services

- Supply Deck, Engine, Cabin, Bonded Stores, Electrical Items and Provisions
- Supply of Main/ Auxiliary Engine Spares
- Container Lashing Gears and Fittings
- Onboard Vessel Food Cost Management
- Ship Spares in Transit Management
- Warehousing and Transportation Services
- Repairing & Reconditioning of Deck/ Engine/ Machinery and Parts
- Fabricating & Casting of Deck/ Engine Fittings
- Afloat Repairs & Engineering Services

Genesis Express Pte Ltd

Transportation, Warehousing & Third-Party Logistics

Tel: (65) 6266 0920 | Fax: (65) 6266 0813 | Email: contact@genex.com.sg | <http://www.genex.com.sg>

Genesis Express Pte Ltd ("Genesis Express") was incorporated on 2nd January 2005 with thirty (30%) per cent share equity from AMOS International (S) Pte Ltd. Genesis Express' main business is transportation, warehousing and third-party logistics management.

Over the years Genesis Express has enlarged its business scope to offer a comprehensive 'One-stop Logistics Solutions' and is recognized as one of the leading service provider for inbound/ outbound and door-to-door supply-chain cargo handling and management.

Genesis Express operates a comprehensive fleet of vehicles of varying sizes, tonnage and configuration to handle and transport different types, characteristics and dimensions of cargo and equipment. Genesis Express also provides storage for trans-shipment, care-off and long term third party warehousing for its valued customers.

Company Strength

- Moving cargo of all dimensions & weights via air, sea and land
- On time delivery of "customer's cargo" through established global network
- Experience personnel to handle, control and manage cargo consignments

Orient Marine Pte Ltd

Procurement Specialist of Marine Equipment, Parts, Lashing Gears, & Engineering

Tel: (65) 6266 6168 | Fax: (65) 6266 6368 | Email: ompl@ompl.com.sg | <http://www.ompl.com.sg>

Orient Marine Pte Ltd ("Orient Marine") was established in 1988 by a group of professionals and major maritime industry organizations. The main vision of the fore-founders is to establish a "one stop ship supply & service center". This will provide convenience and expertise in the shipping industry for the ship owners and managers. In 2005 Orient Marine was acquired to become a wholly-owned subsidiary of Aqua-Terra Supply Co. Limited.

Company's Mission

We strive to be the leading marine supply and logistics company and we shall continue to work towards being the customer's unique and reliable business partner. Today, we are supplying about 80 ships monthly to various established international ship owners and managers. Our satisfied customers stretch as far as Taiwan, Hong Kong, America, Europe, Japan and even the Middle East.

Company's Objectives

Orient Marine has become a procurement specialist of marine equipment and consumable parts and offer full support and expertise to the shipyards in terms of supply and distribution of container lashing gears, fittings and mooring equipment.

With its procurement expertise and proven infrastructure, it is well positioned to tap into the growing trend of outsourcing in the marine-related industries.

Products and Services

Spare Parts for Marine Engines and Machinery, Deck Stores, Anchors and Chains, Accommodation Gangways Life Saving Equipment/ Apparatus, Lifeboats/ Life-rafts Container Lashing.

Deck Winches and Generators, Compressors Sand Blasters, Cargo Hold Cleaning Guns Cabin Stores and Bonded Stores.

Main Propulsion Engines, Diesel Generator Engines, Main Air Compressors, Air-conditioning Systems, Fuel & Lubricant Purifiers, Pumps, Fuel Oil/ Lub Oil Filters, Boilers & Burners and Tail Shaft Seals.

Fischer Engineering Pte Ltd

Turbocharger Servicing, Refurbishing, Repair & Supplies

Tel: (65) 6863 6770 | Fax: (65) 6863 6780 | Email: info@fischer-tc.com.sg

Cert. No.: 0160294
